## KEEP OUT OF REACH OF CHILDREN CAUTION

### STATEMENT OF PRACTICAL TREATMENT

**If swallowed** — Call a physician or Poison Control Center immediately. **If inhaled** — Remove person to fresh air. **If on skin** — Wash affected areas with soap and water. **If in eyes** — Flush eyes with plenty of water. Call a physician immediately.

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION — Harmful if swallowed. Causes eye and skin irritation. Avoid contact with eyes and skin. Avoid contact with clothing. In case of contact, immediately flush skin or eyes with plenty of water. For eyes, get medical attention. If skin irritation persists, see a physician.

**Personal Protective Equipment:**

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category C on an EPA chemical resistance category selection chart.

Applicators and other handlers must wear long sleeved shirt and long pants, chemical resistant gloves, such as barrier laminate, or butyl rubber, or nitrile rubber, or neoprene rubber, or PVC, or viton, and shoes plus socks. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

#### User Safety Recommendations

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

**Agricultural Use Requirements**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours. PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is: coveralls, chemical resistant gloves, such as barrier laminate, or butyl rubber, or nitrile rubber, or neoprene rubber, or PVC, or viton, and shoes plus socks.

**GENERAL:** Applications should always be made in accordance with the more restrictive of label limitations and precautions. No label dosage rates should be exceeded. This product cannot be mixed with any product having label prohibitions against such mixing.

**DO NOT APPLY THIS PRODUCT THROUGH ANY TYPE OF IRRIGATION SYSTEM.**

This product is an emulsifiable concentrate designed for use in tank mixes with Synthetic Pyrethroids, Carbamates\*, and certain other agricultural insecticides, as recommended by your local Agricultural Extension Agent. Do not use for post harvest application. To be used in a tank mix at a ratio of 1 part A.I. insecticide to 1-10 parts A.I. PBO-8 (1.6 fluid ounces PBO-8 equals 0.1 lb. PBO-8 A.I.). Refer to insecticide label for the amount of insecticide to use per acre.

Can be used in a tank mix for the control of insects on crops as indicated on insecticide labels.

This product may be applied at the specified rate by ground or air equipment in a minimum of 4 gallons of water per acre to obtain adequate coverage.

**SHADE AND FOREST TREES\***

Combine Prentox PBO-8 at the rate of 1/2 to 2 fluid ounces with the 1 acre dosage of ORTHENE TREE AND ORNAMENTAL SPRAY, SEVIN brand (Carbaryl) (\*) WP, 4iL.OL, SL, XLR OR SEVIMOL to kill GYPSY MOTH LARVAE and CANKER WORMS.

\*EXCEPT CALIFORNIA

ORTHENE® — Registered Trademark of Chevron Chemical Company, Inc. SEVIN®, SEVIMOL® — Registered Trademark of Rhone-Poulenc for Carbaryl Insecticide.

**FOR INDOOR USE\*:** To aid in prevention of pesticide resistance, tank mix with pyrethroid insecticides. Use at a 1% rate (1/2 fl. oz. per gallon of finished spray).

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

**STORAGE:** If container is damaged: Stop leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with the pesticide and wear protective gear. On clean up of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour or spill near heat or open flames.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
